Residents of Hollywood Park,

Over the past few years I have been working on lowering our Insurance Service Office (ISO) rating for the Town of Hollywood Park. In January, 2013, I had an ISO representative come to the station to conduct an inspection of our equipment and operation. I am happy to announce that our ISO rating is being lowered from a 5 to a 4. This is on a scale from 1-10, 1 being the best and 10 being the worst. Some of the contributing factors were:

1. Going from 3 to 4 men per shift
2. Purchasing a new pumper with a Compressed Air Foam System (CAFS)
3. Purchasing New Air Packs
4. Adding the proper equipment on the truck per ISO guidelines
5. Moving to the San Antonio/Bexar County 800MHz Radio System
6. Having an Automatic Aid Agreement with the County
7. As well as other changes that were made over the years to our water system, frequency of business inspections, yearly pump and ladder inspections on our fire trucks, training and education, etc...

On October 1, 2013, our new rating of 4 will go into effect. When this happens residents of Hollywood Park may contact their insurance carrier to make them aware of the new rating. This should allow you to obtain a lower insurance rate for your home. Homeowners should see an average of 10% savings. If you have any questions concerning our ISO rating you can contact Chief John Butrico at 210-494-3111 ext.232 or email at jbutrico@hollywoodpark-tx.gov.

Sincerely,

John Butrico

Fire Chief / Fire Marshal
